

TRUE Consulting – Sr Civil Engineer / Project Manager

Location: **Penticton, BC**

About the Opportunity

TRUE Consulting is currently seeking a Senior Civil Engineer and Project Manager to join our new Penticton office which is scheduled to open in March 2021. This individual will be responsible for leading skilled teams of technical and engineering staff in the delivery of multiple, simultaneous projects. This position will be supported by our current team of experienced project managers and engineering staff through senior/peer review processes and specialist in-house engineering expertise as required.

The Senior Project Manager / Project Engineer will report directly to TRUE's specialist Client Managers. This senior-level role at TRUE's newest office location comprises a challenging and rewarding opportunity for personal and professional development. The successful proponent will be provided with a unique opportunity for advancement within the company. While the specific role will depend on the individual's experience and interests, some responsibilities may include the following:

- Project management on municipal infrastructure projects including roads, water, sanitary, and stormwater
- Liaising with clients and other consulting professionals
- Managing project teams of other professionals, EITs, and technologists
- Supporting these project teams on many aspects of the design, field inspections, and contract administration
- Act as the Engineer-of-Record for projects that fit within the proponent's professional expertise and areas of interest
- Travel to project sites within British Columbia.

Located in the heart of the Okanagan between Okanagan Lake and Skaha Lake, Penticton boasts beautiful sandy beaches, year-round recreational activities, and an abundance of local businesses, including over 80 wineries, craft breweries, cideries, and distilleries. Penticton offers a quiet lifestyle, all while being less than an hour from the busy entertainment, retail, and post-secondary education industries in Kelowna.

About You

Our ideal candidate will possess the following qualifications, strengths, and interests:

- Registered or eligible for registration as a Professional Engineer with EGBC
- 10+ years of experience in municipal engineering in a consulting or municipal environment
- Experience as a project manager on municipal infrastructure projects
- Experience liaising with clients and other professionals
- Experience in WaterCAD, PCSWMM, AutoCAD Civil 3D, and ESRI are considered assets
- Experience with contract administration and MMCD is an asset
- Experience in asset management is considered an asset
- Demonstrated report writing skills
- Strong written English and verbal communication skills
- Ability to lead, manage, and motivate project teams

TRUE Consulting – Sr Civil Engineer / Project Manager

Location: **Penticton, BC**

- Ability to contribute positively to a small staff office environment
- An outgoing, positive personality with client-driven perspective
- Excellent organization and planning skills
- Commitment, energy and a strong work ethic
- Valid Class 5 Drivers License is required

About TRUE

TRUE has provided engineering, land surveying and planning consulting services to our municipal, First Nation and private clients throughout the interior of British Columbia since 1986. We now have offices strategically located in Williams Lake, Kamloops, Penticton and Trail in order to efficiently support our clients. We are committed to the long-term success of our clients and strive to deliver professional service with a focus on creative and practical solutions. At TRUE, our core values are Our People, Client Service, and Integrity.

As a growing and evolving company, we realize that our team is our biggest and most valuable asset. Since 1986, TRUE's family-feel has highlighted who we are and our core values. We take pride in being a fun and rewarding place to work, even at the busiest times. Our management team is flexible and supportive, recognizing that maintaining a healthy, balanced lifestyle is critical to the success of each staff member.

Beyond our office culture, we aim to stay competitive and share our successes with our staff through attractive salaries, extended health and dental coverage, vacation time, paid overtime, profit sharing, RRSP matching, annual health & wellness benefit, and flexible work arrangements.
