

TRUE Consulting – Intermediate Civil Technologist

Location: **Williams Lake, BC**

About the Opportunity

TRUE is currently seeking an experienced Civil Engineering Technologist to join our Williams Lake office. This individual's primary role will involve design using AutoCAD Civil 3D on a variety of municipal infrastructure and land development projects for our municipal and private sector clients in the BC Interior and North.

While the specific role will depend on the individual's experience and interests, some responsibilities may include the following:

- Design of municipal infrastructure using AutoCAD Civil 3D including creation of earthworks, site grading plans, road design, and water/sewer/storm infrastructure plan & profiles
- Topographic, construction layout, and as-built survey using Trimble Survey GPS
- Provide support to civil inspectors by conducting periodic field inspections
- Working with diverse teams of Professional Engineers, EITs, and technologists
- Travel to project sites within British Columbia.

Williams Lake is located in the interior of BC and is the largest urban center between Kamloops and Prince George. Set in the heart of the beautiful Cariboo region, Williams Lake offers many outdoor activities including mountain biking, hiking, fishing, golf and snowmobiling. Our team in Williams Lake works as a branch office to Kamloops, and our staff currently includes two Professional Engineers, four technologists and other technical staff.

About You

Our ideal candidate will possess the following qualifications, strengths, and interests:

- 2-5 years of experience in a civil engineering technology role, preferably in municipal infrastructure
- Graduate of a Civil Engineering Technology program
- Registered or eligible to register with ASTTBC as an Applied Science Technologist
- Proficiency with AutoCAD Civil 3D
- Experience with MMCD is preferred
- Experience with field inspections is an asset
- Strong written English and verbal communication skills
- An outgoing, positive personality with client-driven perspective
- Excellent organization and planning skills
- Commitment, energy and a strong work ethic
- Class 5 Drivers License and vehicle required

TRUE Consulting – Intermediate Civil Technologist

Location: **Williams Lake, BC**

About TRUE

TRUE has provided engineering, land surveying and planning consulting services to our municipal, First Nation and private clients throughout the interior of British Columbia since 1986. We now have offices strategically located in Williams Lake, Kamloops, Penticton, and Trail in order to efficiently support our clients. We are committed to the long-term success of our clients and strive to deliver professional service with a focus on creative and practical solutions. At TRUE, our core values are Our People, Client Service, and Integrity.

As a growing and evolving company, we realize that our team is our biggest and most valuable asset. Since 1986, TRUE's family-feel has highlighted who we are and our core values. We take pride in being a fun and rewarding place to work, even at the busiest times. Our management team is flexible and supportive, recognizing that maintaining a healthy, balanced lifestyle is critical to the success of each staff member.

Beyond our office culture, we aim to stay competitive and share our successes with our staff through attractive salaries, extended health and dental coverage, vacation time, paid overtime, profit sharing, RRSP matching, annual health & wellness benefit, and flexible work arrangements.
